Course Schedule

The course runs from July 25 – August 17.

Lectures: MTWThF 9:00 – 11:00 am, July 25 – August 12 180 Tan Hall

Note: We will often run past 11:00, so do not schedule anything else between 11:00 and 11:30.

Sections: MTWThF 1:00 – 2:30, 2:30 – 4:00, 608-7 Evans Hall

Final Exam: Wednesday August 17 9:00 – 12:00, 180 Tan Hall

Course Requirements

Lectures will cover theory; the discussion sections will review the lectures, introduce additional material, and discuss problem sets. All students should attend the discussion sections and will be responsible for the material discussed in the sections.

There will be a total of six problem sets, due according to the following schedule:

Problem set 1: due Friday July 29 in lecture

Problem set 2: due Tuesday August 2 in lecture

Problem set 3: due Friday August 5 in lecture

Problem set 4: due Tuesday August 9 in lecture

Problem set 5: due Friday August 12 in lecture

Problem set 6: due **Monday August 15 – turn this in to Oleksa by 9:00 am**

Students are encouraged to work in study groups. Students must turn in their own solutions in their own handwriting (or typed individually), however.

Because of the importance of posting solutions and grading problem sets promptly, **no late problem sets will be accepted**. There will be no exceptions to this rule. The problem set grade will be based on the 5 highest grades among the 6 problem sets. This allows for missing one problem set without penalty.

Grading

The grade for Econ 204 will be based on problem set scores and the final exam, according to the following formula:

Problem sets	20%
Final exam	80%

Prerequisites

Math 1A – 1B and Math 53 – 54, or equivalent
