Course Schedule
The course runs from July 25 – August 16.

Lectures: MTWThF 9:00 – 11:30 am, July 25 – August 12

> **Note:** We will often run past 11:30, so do not schedule anything else between 11:30 and 12:00.

Discussion Sections: MTWThF 1:00 – 3:00, July 25 – August 12

Students must register to have access to the 204 bCourses site. Please see link on the course website to register.

Final Exam: Tuesday August 16, 9:00 am – 12pm

> details regarding exam will be discussed in class

Course Requirements

Lectures will cover theory; the discussion sections will review the lectures, introduce additional material, and discuss problem sets. All students should attend the discussion sections and will be responsible for the material discussed in the sections.

There will be a total of six problem sets, due according to the following schedule:

> Problem set 1: due Friday July 29
> Problem set 2: due Tuesday August 2
> Problem set 3: due Friday August 5
> Problem set 4: due Tuesday August 9
> Problem set 5: due Friday August 12
> Problem set 6: due **Monday August 15**

Students are encouraged to work in study groups. Students must turn in their own solutions in their own handwriting (or typed individually), however.

Because of the importance of posting solutions and grading problem sets promptly, **no late problem sets will be accepted**. There will be no exceptions to this rule. The problem set grade will be based on the 5 highest grades among the 6 problem sets. This allows for missing one problem set without penalty.

Grading

The grade for Econ 204 will be based on problem set scores and the final exam, according to the following formula:

Problem sets	10%
Final exam	90%

Prerequisites

Math 1A – 1B and Math 53 – 54, or equivalent
