

### **Disclaimer**

#### 1) Lecture Slide Availability

The ideal 2-day ahead availability may not be possible always. Usually, expect Monday lecture slides to be posted sometime on Sunday and Wednesday lecture slides to be posted some time on Tuesday. See Section 2 below on Outlines.

#### 2) Lecture Outlines

When lecture slides will not be available sufficiently ahead of lecture, an outline will be made available

Eg. this happened for lecture 4

Complete lecture slides will be posted online some time after the lecture occurs in this case.

#### 3) Typographical Errors

There may be typos in slides posted online. Typos in slides are corrected in lecture when detected.

Lecture 2: Excess Demand: 16000 replaces 12000

Lecture 3: Rational Spending Rule Example

Utility for  $y$   $U_y$  for 3 books = 120

This affects subsequent slides that use this table
